

B2X RCA X12
Virtual Meeting Notes
December 19, 2019

2PM ET

Roll call and introductions

2020 Goals

- What is the business needs that B2X can address?

- *Look into standard file size

- *Guidelines for large retailers

- *X12 Globally

- * Mobility

- Smart Phone only- relevant agree

- *No EDI data set available for him- manufacturing- doesn't want one off implementation

- *Consistency for data not covered by EDI

- * Being able to reach out to non-EDI and being able to understand

- B2X- Category- Area -lot of Non-edi data

- Not type of business data being transferred

- Community HUB to HUB Scenario

- Some type of Data. All vendors- Extra piece of data not covered

- One off implementation= Wet noodles

- Consistency to type of transaction and data not covered in EDI

- *3po in healthcare- XML different way to do ASL

- Serialization

- XML data being sent back and forth AS2

- Gazillion ways for AS2

- New to group- Not active in EDI -Exact Experience

- Standardization

- Not edi capable- solutions retailers web Portal -various Portals- incorporated aspect of it as well

- *Getting involved in Education for EDI (wedge in EDI between Json and XML)

- B2X idea/ All X12

- Education of X12

- Young programmers – out of college- whip up applications- Don't know EDI

- Guys going to portals- Education universities- noet XML Json

- Mention it exists- very well established

- *NonEDI capable being able to go through web portal

- Some portal

- Best practices enabling electronic commerce w/ vendors

- Losing ground because of the convoluted using portals

- *EDI investment

- *existing EDI evolved but not reinvented

*Hone in on business issues
*EDI attachments
X12 working on Standardizing
Extended down to companies not doing edi
Graduates- different languages- not sexy
Extensions – Stop recreating wheel
EDI Infrastructure: investment continues beyond
Business process- Data should in fact be added one off
AS2 recommended standards
Not issue for June- Next September
Technical assessment at 2pm

*Expand membership
*Marketing to relevant groups
*Make Hub specs available to all for fee or for free?
 *theyre already online (some of them) – requirements to see them?
 *register for x12?B2X? sponsorship fee? One spot for all specs
Companies want input from (retailers/large brands
Gray matter brain power
