

X12M SUPPLY CHAIN SUBCOMMITTEE MINUTES

Monday, Jan 26, 2026 - 10:00 AM PT – 12:00 PM PT

1. Call the meeting to order by the Chair
2. X12 Anti-Trust Caution was announced and is in effect.
3. Opening Remarks by Chair
 - X12M assignments to PRB and TAS
 - a. PRB Representative is **Z. Nazir** Primary and **S. Rosenberg** Secondary
 - b. TAS Representative is **S. Rosenberg** Primary and **Z. Nazir** Secondary
 - This schedule accommodates other X12M related meetings including X12J Technical Assessment and X12-04 Business to Everything
4. Administrative Issues
 - a. Membership Review - Attendance tracking is managed by X12.
 - b. January 26, 2026 - Agenda review and approval:
 - A motion was offered and approved to accept the agenda. The motion passed.
 - c. Approval of Fall Standing meeting, 2025 X12M Minutes:
 - A motion was offered and approved to accept the minutes. The motion passed.
 - d. X12M attendee updates – none to report
 - e. Accessing iMeet Reminder
 - *iMeet must be accessed at least once every 180 days to maintain access.*
5. Review/Discuss open Code Maintenance Requests (CMRs)
 - Batch 136: Pending X12J approval for publication. Member review closed January 16, 2026
6. Review/Discuss/Approve RFI's
 - No new X12M-specific RFI's currently.
7. Review / Discuss OPEN Data Maintenance Requests – X12M Supply Chain <https://mr.x12.org>

✓ **MR85 X12M 897 Implementation Guideline TR3:**

| | |
|--|----------|
| 1. Disinfectants Product Implementation Guideline Example | Approved |
| • 06/2023 Guideline is in-process (004010X366) | |
| • 10/2023 Work in progress. | |
| • 01/24/2024 | |
| • A draft of Disinfectants Product Implementation Guideline Example was created by Steve R. X12M reviewed the document and provided feedback to Steve for consideration. | |
| • Next, Steve will update and provide the Implementation Guideline Examples for the second and final review. | |
| • An Implementation Guideline Example including Ingredients will also be drafted before the June Standing meeting. | |
| • 06/2024 Work in progress and will be available for September meeting. | |
| • 09/2024 X12 Staff provided the Disinfectants Product Implementation Guideline Example for final review and feedback to X12M. X12M review is in progress. X12M will have four meetings before the end of this year to complete the review and have it ready for X12 staff before X12 Winter Standing meeting in February of 2025. | |
| • 02/2025 Review and finalize Drafted TR3 Disinfectants Product Implementation Guideline Example during Summary EDI X12 Standing meeting. | |
| • 06/2025 X12M reviewed Drafted TR3 Disinfectants Product Implementation Guideline Example. A motion was offered and approved. The motion passed. | |
| • 09/2025 Present to X12J Technical Assessment for approval. | |
| • 09/29/2025 - The document was presented to the X12J Technical Assessment group for initial review. Minor changes were suggested during the discussion. The document will be revised accordingly and resubmitted for formal approval in December 2025 X12J Technical Assessment meeting. | |
| • 012/15/2025- Presented to X12J Technical Assessment and approved for publication. | |

2. Food Products - Ingredients/Nutrition Label Implementation Guideline Example In Development/Review

- The implementation guide X book number for the 897 Food Products will be 008060X378
- Start Review of Implementation Guideline Example of food products - Ingredients/Nutrition label (spreadsheet).
- 02/05/2025 Completed the first round of review and provided feedback to Steve for consideration.
- 02/2025 Review the updated spreadsheet and finalize during Summer EDI X12 Standing meetings.
- 06/2025 X12M reviewed the updated spreadsheet (round two) and provided feedback to Steve for consideration.
- 09/2025 Continue review of the spreadsheet and work on front matter
- 10/01/2025 During the X12 Fall Standing meetings, X12M Supply Chain subcommittee reviewed the spreadsheet, identified necessary changes, and provided suggestions. The updated spreadsheet has been submitted to Steve R. for further updates and consideration prior to X12 staff proceeding with the output creation. Next, the focus will be on reviewing the output and working on the front matter.
- 01/2026 X12M drafted the front matter, including the levels, loops, and segments contained in this implementation, which serves as an index to the segment detail. The document will next undergo a final internal review before being provided to X12 staff for output creation. The output will be ready for final review and approval by X12M at the June 2026 Summer Standing Meeting before submission to X12J Technical Assessment and publication.

✓ Defense Enterprise Data Standards Office (DEDSO) New Code Value Submission

- Review of the second round of requirements
- 04/2025: X12M Supply Chain leadership reviewed the new code values and provided recommendations and feedback before DEDSO official CMR submission.
- 06/2025 Reviewed the requirements and provided feedback for consideration before CMR submissions.
- 09/2025 Review new requirements, discuss changed codes and reason for the changes
- 10/01/2025 DEDSO identified seven codes that were corrected in version 4030 but were removed and replaced with a different code value in version 5010. The subcommittee recommended forwarding this list to X12 staff for further investigation. The list is currently with X12 staff, who are reviewing it and will provide an explanation for the changes.

Additionally, DEDSO identified a few new code values. The subcommittee reviewed these new requirements and provided feedback for consideration prior DEDOS 's formal CMR submissions.

- 01/2026 No new requirements.

✓ MR189 EDI Standard: Add data element to the HSD Segment**in Development**

Add two new elements, HSD11 and HSD12, both optional in the standard, with a syntax requirement that specifies if one is present the other is required, or if either 11 or 12 are sent the other is required (a C or a P syntax rule) HSD11 would be the currency code external code source ISO 4217. HSD12 would be the currency amount Add elements HSD11 and HSD12 to the TR3, usage would be situational. Situational Rule would be:

HSD11: Required when it is necessary to return a currency type (HSD11) and a currency amount is sent in HSD12. If not required by this implementation guide, do not send.

HSD12: Required when it is necessary to return a currency amount (HSD12) and a currency type is sent in HSD11. If not required by this implementation guide, do not send.

HSD03: remove any value that represents currency. Modify situational rules, if necessary.

- 09/19/2022 X12J recommended that the CUR segment be added to the transaction instead of adding currency fields to the HSD segment.
- 9/2025 X12M will review the requirements once the solution is developed by X12N and available for subcommittees
- 10/01/2025 with X12N for development.

| | |
|--|-----------------------|
| ✓ <u>MR420 TS 832, X304: TR3 segment repetition mismatches</u> | in Development |
| Update the EDI Standard to allow for additional instances of these segments or update the technical report instances to meet the EDI Standard | |
| <ul style="list-style-type: none">• 9/2025 X12M will review the requirements once the solution is developed by X12N and available for subcommittees• 10/01/2025 with X12N for development | |

| | |
|---|--------------------------|
| ✓ <u>MR567 Seg QTY: Revise Semantic Note 04</u> | Not Going Forward |
| <ul style="list-style-type: none">• 9/2025 X12M will review the requirements once the solution is developed by X12N and available for subcommittees• 10/01/2025 – X12M disagrees with the MR as it is based on an inaccurate understanding of the syntax note. Following a discussion, X12J concurred with the analysis. X12 Staff will follow-up with the submitter for clarification of the request and how the issue is being handled now.• 12/15/2025 X12 not going forward with this MR. | |

Other Monday sessions:

- 11:00 AM – 1:50 PM PT – X12C Communication and Controls
- 2:00 PM -2:30 PM PT – X12J Technical Assessment and Procedures Review Board (PRB)
