

Governance Panel Mission

The Governance Panel is responsible for maintaining the corporate Wordbook, approving corporate policies and procedures on behalf of the Board, presenting governance recommendations to the Board, ensuring X12's library of corporate, committee, and subordinate group policies are aligned and consistent, assessing and concurring with committee and subordinate group policies prior to final approval by the developing group, advising other X12 groups that develop committee or subordinate group policies as necessary or requested, and providing guidance on due process matters at all levels of the organization.
