

A stage spotlight is positioned in the upper left corner, casting a wide, conical beam of light. The beam starts as a soft purple glow near the light fixture and transitions into a bright, circular pool of white light on the dark floor. The text "IN THE SPOTLIGHT" is centered within the beam of light.

# INTRODUCTION

- In the Spotlight materials are initially presented at an X12 corporate meeting, also known as a General Session
- Each presentation covers one topic, generally at a high-level
- These “quick hits” highlight new features and functions or to remind the audience of things they may have forgotten over time
- X12 welcomes suggestions for Spotlight topics
  - Submit suggestions on X12’s online feedback form at [x12.org/feedback](https://x12.org/feedback)

# THE ONLINE TRANSACTION SET LIST

- X12 maintains an online list of its transaction sets
- This easy-to-use resource helps implementers find the transactions they need to power their EDI solutions
- The transaction sets are listed under the subcommittee that is assigned maintenance responsibility
- Each transaction set entry expands to display more information including its purpose and uses

### 104 Air Shipment Information

This X12 Transaction Set contains the format and establishes the data contents of the Air Shipment Information Transaction Set (104) for use within the context of an Electronic Data Interchange (EDI) environment. The transaction set can be used to provide the sender with the capability to transmit detailed bill of lading and rating information pertinent to an air carrier shipment.

This transaction set provides shipment detail information for the air carrier in terms of 1) sender information, 2) shipment detail for multiple and single piece shipments, 3) consignee and third-party information, 4) detail and charges for each shipment, and 5) shipment totals.
