

X12C COMMUNICATIONS AND CONTROLS SUBCOMMITTEE

Interim Meeting Minutes

DECEMBER 8, 12 noon–1 p.m. EST

Attendance—11 people, 5 constituents

1. Thursday, December 8

1.1. Administration

1.1.1. The November Interim Meeting minutes were considered approved on December 5th.

1.1.2. The January Interim Meeting has been cancelled.

1.2. Pending—none

1.3. RFI Database--none

1.4. Active

1.4.1. Motion to approve the impact assessment for MR 290 “X12.5: Clarify element and package level encoding” passed unanimously.

1.4.2. X12 and Java Script Object Notation (JSON)

1.4.2.1. The Chair will draft Clarification Papers (TR4) for both an isomorphic and non-isomorphic approach to X12’s use of JSON following the examples of the TR4 “Constructing XML Schema Definition Element Names from ASC X12 Metadata” and the TR4 “Constructing Base Standard XML Schema Definition from X12 EDI Metadata.”

1.4.2.2. X12 might consider doing a JSON reference implementation.

1.4.2.3. Mike Denison will share Change Health’s publicly available JSON API sandbox, which converts JSON to X12 EDI using a RESTful API.

Meeting adjourned at 12:30 a.m. EST
