1. Thursday, November 12

1.1. Administration

1.1.1. The [October Standing Meeting minutes](#) are approved.

1.2. Pending Items

1.2.1. [The All Zeros Proposal](#)

1.2.2. [TR3 Change Request 1933](#)

1.3. RFIs

1.3.1. We have a new RFI Process. If Staff believes that a new RFI might be applicable to more than one subcommittee, they will make it formal and assign it to PRB for review. Once PRB approves the primary subcommittee assignment, that subcommittee will draft a response and submit it to X12J, where the other interested subcommittees will get to express their opinion.

1.3.2. [2435](#) “TA! Acknowledgment Status and Note Code 24” has been approved by X12C and it will go to X12J.

1.4. Active

1.4.1. The subcommittee still needs to report to X12J that it has approved MR [061320](#) “Revise the Acknowledgment Reference Model” and MR [064320](#) “Review and probably change some codes in DE I18.”

1.4.2. C072 Composite Lop Identifier—[proposed changes](#). The Chair will discuss this with Gary Beatty and Max-Gerd Retzlaff.
